Why Choose Medivest's Professional Administration Service?

CMS WCMSA Reference Guide States:

If the court has declared the claimant as incompetent, the WCMSA should be administered by a competent administrator (a professional administrator, the representative payee, etc).

"Although beneficiaries may act as their own administrators, it is highly recommended that settlement recipients consider the use of professional administrator for their funds."

"CMS highly recommends professional administration where a claimant is taking controlled substances that CMS determines are "frequently abused drugs" according to CMS' Part D Drug Utilization Review (DUR) policy."
